

Here's a bit about me

Why work with me?

My ability to create a fun work environment is unparalleled...
and so is my curiosity to explore problems in new and unfamiliar domains

Why do I design?

I love the challenge of experimenting with novel ideas and technology...
to create humanistic experiences that are feasible to execute

What I love

I focus on living in the moment. Some ways I do that are....

Watching The Office

Enjoying cricket and the NBA

Eating great Indian food

Traveling the world!

Going for a run

An artifact from my journey to Mount Doom
